Notes:

This form does not substitute the retailer 'System Connection' form.

Applications must be submitted a minimum of 7 working days in advance of being required. Where a site visit is required or connection needs to be built additional notice will be required.

If this application is not accurately compiled or illegible, it may be returned incurring additional delays. Please ensure that any diagrams or drawings have identifying features included i.e. pole numbers, street names, etc

In all cases Westpower must be notified by the customer's retailer prior to connection. Electronet Services is the only contractor approved to live connections (both temporary and permanent), including livening connection upgrades where capacity has been increased.

Westpower retains the right to reject any application to connect to its network.

For further information please contact:

Westpower Limited
P.O Box 375
Greymouth

Phone: (03) 768 9300

Fax: (03) 768 2766
